MANDATORY TECHNICAL SERVICE

- With the rental of the auditorium, it is mandatory to hire, additionally, a technician from the Foundation during assembly, performance of the event and dismantling.
- The service will be adapted to the specific needs of each event, taking into account its complexity and the particular demands of the client. Depending on this, both the number of hours required and the presence of one or more technicians from the Foundation will be determined.

ADDITIONAL SERVICES

The Joan Miró Foundation is a supplier of various services and technical devices according to the client's needs: lectern, extra microphones (laptop, hand or headband), comfort monitors, gobo projectors, LED lights, additional sound equipment, trigger, etc., in addition to furniture such as tables, chairs or armchairs.
